

Welcome UVM Interns!

This year we are fortunate to welcome 9 UVM interns to our school community! The interns will be working virtually to support both teachers and students. Interns will begin by observing North Hero teachers during lessons and then move into small group and whole class instruction. This is an excellent opportunity for students to receive extra support and instruction from highly qualified teachers-in-training. Interns will always be working in pairs or small groups to support. (Please email Hannah Pelkey hpelkey@gisu.org if you are NOT willing to have UVM interns work with your child.) We will be welcoming our UVM interns next week!

WE CAN'T WAIT TO MEET YOU!
